Dear Charlie:

You certainly did an outstanding job of this project of yours in the SATURDAY EVENING POST. I think it turned out remarkably well and I hope that it will bring good results. It was a pleasure to have a part in it.

Did you hear Ed. Murrow discuss the article on his Wednesday program? He gave it about eight minutes and truly helped to put over the main purpose we had in mind.

This note also gives me an opportunity to commend [redacted] for his fine help with the article. He did a superior job with the research and was most helpful in many other ways. He had a good grasp of the entire situation from beginning to end and realized fully the military and political significance of what we were trying to accomplish. Thanks for making him available. He bears observation as a man who has all of the attributes and qualifications of a person certain to go far in anything he undertakes. Please express my thanks to him for his assistance.

Good luck and all the best to you and yours. Mary joins me in these wishes and in the hope that we will be seeing you again soon.

Sincerely,

*Brad*
